Patna, Bihar, India • +91 7320806571 • Sandeepcodes.21@gmail.com

SUMMARY

I am an enthusiastic and detail-oriented software engineer with a solid understanding of programming and software development. I work well with JavaScript, Java, React.js, MySQL, and Node.js. I'm eager to use my skills on exciting projects and keep learning more in the IT field.

EDUCATION

Bachelor of Computer Application St. Xavier's College of Management & Technology CGPA: 7.5	Jun 2022 - Present
Higher Secondary Education Teresa International Academy, Patna Marks: 73 %	Jun 2018 - May 2020

PROJECTS

AI-Based Question Paper Generator

[React.js](#) | [Node.js](#) | [LangChain](#) | [ChatGrok API](#) | [Excel](#) | [.docx Automation](#)

- Developed a smart, AI-powered platform that automates question paper generation based on syllabus inputs, reducing manual workload for educators.
- Built an intuitive and responsive frontend using React.js, enhancing user experience for seamless navigation and topic selection.
- Engineered a robust backend with Node.js, utilizing Excel as a dynamic data source for syllabus, topics, and question sets.
- Integrated LangChain and ChatGrok API to generate contextually accurate questions aligned with the chosen syllabus.
- Supported generation of various question types: Very Short Answer, Short Answer, Long Answer, and Case Study-based questions.
- Enabled educators to select batches, subjects, and specific topics, generating downloadable .docx question papers within minutes.

SKILLS

- **Programming Languages:** JavaScript, C, Java(Basic)
- **Framework:** ReactJS, Bootstrap
- **Database Management:** MySQL , MongoDB
- **API Testing:** Postman
- **Version Control:** GitHub
- **Other:** HTML, CSS

CERTIFICATIONS

- Web Development with HTML, CSS, JavaScript from Intershalo.
- Javascript training from Infosys
